

Junior Frontend Web Developer

Help create world class, **cutting edge commercial websites** for exciting clients with one of Ireland's leading digital marketing teams and enjoy the benefits of our **mid west** location! We're looking for an exceptional Frontend specialist to **develop, test, update and manage the code** for a range of websites for B2C, B2B, domestic and international clients. You will work under the direction of a Lead Frontend Developer.

About us

Digino are a highly regarded marketing services company that specialise in digital marketing. We provide services in the areas of research, strategy, planning, branding, implementation, measurement and management. We help our clients understand how they can use online to attract, engage and retain customers. We plan, design, build and manage websites and we plan, implement and manage digital marketing activities. Our clients include Irish Ferries, Foxford Woollen Mills, Motivation Weight Loss Clinics, Trazoo, Ryanair, GetCover.ie and Aviva. We are located on the banks of the Shannon in the mid-west, lakeside town of Killaloe. We have a fulltime team of nine, back-up up by five regular contractors and two server side development partners.

Main Areas of Responsibility:

- ❑ Take completed design templates and convert them into working front ends
- ❑ Configure a variety of frontend widgets using 3rd party tools
- ❑ Browser testing
- ❑ Hosting set-up and putting sites live
- ❑ Code website updates

Requirements:

- ❑ Minimum of 2 years strong HTML, XHTML, JavaScript, CSS experience and expertise
- ❑ Disciplined, organised and thorough
- ❑ Able to work to deadlines in a fast paced team environment
- ❑ Some scripting language: PHP or ASP or Ruby
- ❑ Some CMS experience: preferably WordPress and some Drupal or Joomla
- ❑ Some MySQL experience or other database language
- ❑ Photoshop experience a plus

Salary:

Depending on experience

To apply: Email CV and cover note to edfield@diginomarketing.com. If you require additional information about this role please contact Ed on 1890-927-800 Ext 203.
